

TRIPLE-R

750 ELITE2

Upgraded to the latest high intensity LED technology, alongside modified optics, the Triple-R Elite2 range of lights represents the very best in road-legal auxiliary lighting solutions, which are as much at home on the track or off-road. With a peak intensity 30% higher than the equivalent Standard model, and with a beam pattern that provides improved distribution of light, the Triple-R Elite2 750 achieves 1 lux at 510m making it one of the most powerful road-legal driving lights available.
